

1. Eurocamp, Německo

Dear friends,

We are looking for partner organisations in the following countries for our yearly youth exchange project Eurocamp for the year 2009:

Austria, Belgium, **Czech Republic**, Denmark, Greece, Hungary, the Netherlands, Norway and the United Kingdom

Since 1996 AGSA e.V. has been organizing the project Eurocamp, a intercultural youth exchange, in Saxony-Anhalt/Germany. Started by our government in Saxony-Anhalt in 1992, Eurocamp has every year invited 2-3 youths from different regions in Europe, to live and work together, to learn to know each other, to learn more about the way of living in the countries of origin and about how to live together in tolerance and acceptance during three weeks. Today over 1200 youth from about 38 countries have taken part in Eurocamp.

This year we organize the 18th Eurocamp together with the village of Peseckendorf in the county of Magdeburg and in cooperation with State Chancellery of Saxony-Anhalt. From the 26th of July to the 16th of August 2009 about 80 young people from more than 30 European countries will be invited to Peseckendorf, a small village close to the city of Magdeburg.

This year, based on the background of 20 year of opening and change in Europe, we want to examine the changes in Europe and the Europeans together with the youths. The main focus in the program lies on an art performance with theater, dance, music, light, video and photos, in which we express our perceptions on future prospects of young people in Europe. The presentation is performed in public in form of a art festival during a summer celebration in the castle garden. Many other activities offer the youths themselves the chance to be creative. The participants are given the possibility to present their own country and culture in different ways, in the lander café in the beginning, in the cultural night with music, dancing and theatre and in the European buffet, a large cooking party in the end, where tastes from all over Europe are cooked and tasted. We would appreciate if the participants would enrich these activities through their self-engagement. All ideas for the program and for any action during the leisure time are welcomed.

Another side of Eurocamp is the common work. Daily we will work for five hours on different cultural and ecological work projects and contribute to the embellishment of the village of Peseckendorf and its surroundings.

The Partner Organisation help us choose 2 participants for Eurocamp from the country in question.

Requirements for participants:

The age of participants must be between 18 and 25 years

They should have basic knowledge in the German language

They should preferably be interested in international youth work

Saxony-Anhalt covers accommodation and food costs for the participants in Eurocamp. The travel expenses will be refunded as a fixed sum, irrespective of the means of transportation. To inform you about the exact refund please contact us directly. Possible additional travel costs are to be paid by the participant and therefore we do not charge an additional participation fee.

2. Výměna mládeže, Itálie

Dear colleagues,

I'm personally in contact with 2 groups of youngsters (10 people each, age 15-18 - plus expert Leaders) who were supposed to take part for next summer to different Youth Exchanges in Poland and Hungary... Unfortunately we got news that both National Agencies decided not to finance the project.

They're mainly interested in Arts (one group) and Sports (the other), but at this point of the situation every kind of proposal would be great!

Consider also that they're supported directly by our Municipality, who could actively contribute to their travel expenses and participation fee...

So: if you're in trouble with some PARTNERS givin'up at the last minute... PLEASE CONTACT US! :-)

We could be able in a very few time to organise group, travel and preparation.

Thanks for your help, and for sharing the SOS call...

Have a nice day

3. Hudební projekt, Itálie

Dear partners,

Cooperativa Tempo Libero is a not for profit organization located in Brescia (North of Italy) and dealing with several groups of young people in the frame of European programs.

We are organizing an event in musical field and we would like to find a partner in any European country. So, we are looking for someone willing to host our group for a period of a week/10 days after the 10th September. This is the result of a local musical amateur contest we will organize in summer for young people aged 18-30.

We already have a grant, so we can incur all the costs for travel and hosting (our grant is out of Youth in Action program, but you could consider us as additional partners also in a project already granted through the Yia program).

So, in short, we are looking for an organization, association, or everything else willing to give us the possibility to meet young people from other countries and to give our youngsters the opportunity to make music with them. We would also give our youngster the possibility to perform into a musical event.

If you are interested, or if you need further information, don't hesitate to contact us

Best regards

5. Výměna mládeže, Sicílie

Dear all,

Energiambiente plus is looking for 20 youngsters from 18 to 25 years old, who want to participate to the "ETNA project". ETNA project will take place in Catania (Sicily, Italy) from 10 to 13 of September 2009.

The goal of the project is to create a network among European students in order to exchange ideas and knowledge on environment, renewable energy and sustainable development. This will be achieved through excursions to the most beautiful place in Sicily (such as Etna volcano and Taormina) and student group sessions on environmental topics.

The rate for each participant is 250,00 euros (for payments up to 30th of June) or 300,00 euros (for payments from 1st to 30th of July) and include all services (hotel, foods, excursions, training and didactic materials).

For contacts and details: **info@energiambiente.net**

"Come to the ETNA project and give your volcanic idea for our future!"

Project name: ETNA project

Goal of the project:

creating a network among European students in order to exchange ideas and knowledge on the renewable energy and the sustainable development. This will be achieved through a four-day meeting for students between 18 and 25 years old which will be place in Catania. In particular, the key of the ETNA project is a comparison among the different strategies of energy policy adopted by the EU States. At this purpose, a lesson on the Sicilian regional energetic and environmental action plan and student group sessions will be organized during the four days. Furthermore, the participants will visit Sicilian places (like Etna volcano and Taormina) that are famous all around the world.

Participants: 20 youngsters coming from the EU States (max 4 participants for each country).

Requirements: English language, knowledge on energetic and environmental matters (both economic or scientific or legal).

Period: 10-13 september 2009.

Rate for participant: 250,00 euros (if the payment is up to 30th of June); 300,00 euros (if the payment is from 30th June to 30th Jule). This rate includes all services for participants from the starting to the finishing date (hotel, foods, training, didactic material, excursions).
