Transnational Workshop – Organizational Management

INFOPACK

About the project

Entrepreneurship can be defined by the individual's ability to turn ideas into practice. It includes creativity, innovation, risk, and ability to plan and manage projects in order to achieve objectives.

Aim and objectives of the meeting

- Enhance participants' knowledge on Organizational Management
- Equip participants with a set of tools to effectively foster entrepreneurship within their local communities
- Sharing experiences and good practices between the experts on the topic of Organizational Management
- Developing the structure and content (training course material) of the Organizational Management Course that is going to take place at local level.
- Designing the practical activities that will be done within the local training courses.

Local currency

Our national currency is RON (1 EURO is around 4.5 RON). You should change your money at the exchange offices from the airport.

Tips

- Take care of your travel luggage all the time (especially in Railway Station)
- If it is possible change your money from Euros to Ron in your country. If that is not possible do not change all your money in the airport. Currency exchange is higher on this place than in a bank.
